

Dear GreenTek Customers

Your Trust is our Pride!

Let us thank you for supporting GreenTek Manufacturing Inc. during last two cropping seasons and we are looking forward to serve you with better products and professional service at your door step during 2020 cropping season.

We are proud to announce that now we have Organic products that are approved by **EcoCert** as Inputs for Organic Agriculture. Our product line includes a wide range of formulations that includes granular, liquid, water soluble fertilizers and soil amendments.

Pesticides are integral part of modern agriculture, thus, for the convenience of our valuable customers pesticides are NOW available with us so that all your needs are fulfilled at one window. We guarantee that our pesticides price are attractive and comparable to the market price. As compared to indiscriminate use of pesticides our recommendations are based on your farm pest's issues, ETL (Economic Threshold Level) thus, cutting pesticide cost and help protect environment too.

As demand and range of our products has increased, therefore, we are expanding our services out of Lower Mainland to entire British Columbia, throughout Canada and overseas.

We commit to supply you superior quality fertilizers and inputs for your farming needs. Our qualified team is ready to extend a helping hand in achieving your crop production goals through our best quality fertilizers, judicial use of pesticides and professional advices on all crop related issues you might have.

Need help/advice! Just call or send an email and our experience team will visit your farm to provide knowledge based professional advice for economical crop production.
