

# SULPHURIC ACID

## Introduction

Sulphuric Acid is high quality and concentrated source of Sulphur (S). It is a fast and economical soil amendment that can be used to reclaim sodic soils. Excellent source to lower pH of the soils, which results in increased availability of Phosphorus, Iron and other nutrients. It can also be used for the correction of irrigation water pH and for cleaning of irrigation system.

## Benefits

- Good source of Sulphur.
- Can be used to neutralize bicarbonates in the soils.
- Most economical source for the correction of water pH.
- Excellent amendment for the reclamation of sodic soils.

## Guaranteed Minimum Analysis

<b>Sulphuric Acid (minimum)</b>	<b>70.0%</b>
---------------------------------	--------------

## Product Characteristics

<b>Appearance:</b>	Odorless, a pungent odor may exist if certain impurities are present in the acid. Clear to amber liquid.
<b>pH:</b>	0.3
<b>Specific Gravity:</b>	1.7059 - 1.8437
<b>Solubility:</b>	Soluble in water

## Ingredients

Sulphuric Acid

## Directions for Use

As per need.

## Packaging Sizes

25 L, 205 L, 1000 L.

## Storage & Cautions

- Shake well before use.
- Store Product in a cool and dry place in original container.
- Test compatibility with other products prior to use.
- Avoid contact with skin & eyes and inhalation of spray/dust.
- Recycle container in accordance with federal and provincial regulations.
- Keep product out of reach of children.

## Conditions of sales and limitations of Warranty & Liability:

There are no implied warranties of merchantability or fitness with respect to the product, nor are there any expressed warranties other than as many be contained in any guaranteed analysis that may accompany the product. Seller shall not be liable for any special indirect, incidental or consequential damage or expense of any nature, including but not limited to lost products, property damage or Seller's liability is limited to refund of purchase price as per return policy of company.

## **CORROSIVE!**

Causes burns to skin and eyes. Maybe harmful if inhaled or ingested. Avoid contact with skin, eyes and clothing. Wash thoroughly after handling. Wash clothing before reuse.
